

## HATARI Lodge and Shu'mata Camp

Hatari Lodge is situated within Arusha National Park, at the foot of Mount Meru. All our activities, workshop, vehicle fleet, F&B and accounting are run from here. All our activities, workshop, vehicle fleet, F&B and accounting are run from here.

Shu'mata Camp is 1.5 hours away from Hatari Lodge and is located in the middle of an arid steppe where Kilimanjaro borders Kenya's Amboseli.

After 28 years of actively working in tourism, we have retired from day-to-day operations and are now working more behind the scenes to grow our business organically and sustainably.

Hatari's value chain extends far beyond our own team to support smallholder farmers, local Maasai, game rangers and the animals themselves. Everything is interconnected.

We place great importance on preserving the vital biodiversity that surrounds us.

### **For the next possible date we are looking for a Hotel Specialist (m/f)**

You are independent, you love Africa?

You are longing for a meaningful task in life, you are a motivated, experienced, strong leader with an open mind, who recognizes the complex processes of life and likes to communicate them to others? Do you want to work with us, lead a grateful team and have a passion for working for people?
